

FAIRVIEW MIDDLE SCHOOL
International Baccalaureate Preparatory
Magnet Program
Informational Showcase Dates

The IB Preparatory Magnet Program of Fairview Middle School will visit the following elementary schools to meet with parents and students to discuss the advantages of an IB Prep education, procedures for application, and entrance requirements for enrollment. Students will also be able to sign up for shadowing dates. Unfortunately, due to time constraints, Fairview is unable to visit every elementary school. For your convenience, we are publishing this list of showcase dates to allow parents and students to visit us at the location and/or date that works best for your family.
